DIRECTOR’S REPORT
In addition to his written report, Scott Pointon stated our new phone system now integrates all three facilities, with the “brain center” at the Romeoville Branch. There are still some details that must be worked out to enable both the Crest Hill and Lockport branches to direct dial 911. Currently, when either Crest Hill or Lockport branches call 911 they are sent to the Romeoville 911 station. It has been determined that a POTS (plain old telephone service) line is needed at both facilities to have the 911 calls go directly to the correct location. At the Lockport Branch establishing a POTS line will be a simple matter. The Crest Hill Branch will need to have a copper line run from its building to the hookup on Weber Road. AT&T has already sent out a representative to establish the parameters of this job. The costs to the District could be as high as $9,500.00, but there is no other way to accomplish a direct 911 setting for the Crest Hill Branch. Victor Zack commented that perhaps the District could recoup some of the funds when future businesses move into the development and seek to establish their own lines. Scott Pointon will keep the Board apprised of developments.

Scott Pointon has been able to negotiate with an auctioneer to do the Crest Hill Branch auction, with the auctioneer taking only 30% of the sales. The auction will probably take place later in the year.

OLD BUSINESS
Building Updates
Various punch lists items are being completed at Crest Hill and Lockport facilities. The 911 issues and their solutions were discussed earlier.

Transfer of Surplus Funds
Scott Pointon reviewed the surplus funds from FY 2012-2013. Board members complimented Scott Pointon on his excellent management of funds. It was determined the surplus funds should be moved into the Building Reserve Fund. This would bring the Building Reserve Fund up to $400,000.00.

Christine Siegel moved that $190,000.00, surplus funds from Fiscal Year 2012-2013 currently in the Corporate Fund, be transferred into the Building Reserve Fund. Gordon Butler seconded the motion. Roll call indicated: Gordon Butler, Gayle Crompton, Nancy Hackett, Ann Lopez-Caneva, Christine Siegel, and Victor Zack. Nays—none. Motion carried.

Director’s Review
It was determined an Executive Session was needed for the director’s review.

EXECUTIVE SESSION – Personnel
Gayle Crompton moved the Board go into Executive Session for Personnel matters. Nancy Hackett seconded the motion. All voted aye. Motion carried.

The Board went into Executive Session at 7:24 p.m.

The Board went back into Regular Session at 7:59 p.m.

Ann Lopez-Caneva spoke for the Board and stated they were extremely satisfied and grateful for service Scott Pointon has provided the District. Board members all stated they were very pleased with the great progress the District has made under Scott Pointon’s leadership.

Scott Pointon thanked the Board for their continued support and encouragement. Scott Pointon also stated that the Crest Hill Lions will be making some type of donation to the District for services/materials in the Crest Hill Branch.

Ann Lopez-Caneva stated that the District should be thinking about undertaking a new long-range plan and offered Scott Pointon all of board members’ support for this endeavor. Scott Pointon stated that he would desire the District begin this process within the next year. There was general discussion regarding how to alleviate staff turnover and the benefits of offering recent library school graduates an opportunity to begin their library careers with our District. A subsequent discussion occurred regarding pay rates.

The District is very near to completing all construction payments, with approximately $1,000,000.00 in bond funds still available to equip and enhance the buildings. Some of these funds could be used to purchase a bookmobile and/or add on the Outreach Department Offices to the Crest Hill Branch.

Scott Pointon discussed the advantages of establishing a multimedia creative space for our residents. Not only could individuals experiment with creating their own videos and record music, but the space could be used by local businesses to enhance their social media presence by creating promotional videos. The District would hire appropriate personnel to staff the space and instruct users. When the Outreach Department is eventually relocated to the Crest Hill Branch, that space at the Romeoville Branch could be the home of the multimedia creative space. The Board approved of this idea and saw it as a real opportunity to make the District’s services vital to our communities’ local businesses.

Scott Pointon stated he would like to pursue starting a District foundation to enable us to develop funds for future projects and not have to request funds from the public.

EXECUTIVE SESSION – Real Property –none needed.
