OLD BUSINESS
BUILDING UPDATES
Crest Hill—The snow melt system is being repaired. At times the manual turn-on function shorts out the entire system. Window shades will be placed in the Teen Room to deter the harsh sunlight. The circulation desk shades will be battery powered and operated with a remote control. The batteries are expected to last five years.

The Lockport Township Fire Department completed all inspections at the end of our construction project at Crest Hill. Since that time, we have passed two successful inspections with this agency. At the end of the most recent inspection, we were informed we needed a lockout put on the circuit breakers that control the fire alarm system.

EXECUTIVE SESSION – Real Property – none needed.

EXECUTIVE SESSION – Personnel—none needed.
