Non-Resident Card Fee
Scott Pointon reviewed the reasoning for the existence of a non-resident card. Scott Pointon stated he had discovered that by using the State’s own rules as a determining factor, the White Oak Library District would not be the primary library that those living in an un-served area would approach to purchase a non-resident card. It was further determined that the District’s participation in this program is completely voluntary and that by choosing not to participate, the District would not incur any adverse effects. Scott Pointon recommended the District vote not to participate in the Public Library Non-Resident Card Services program for FY 2013-2014.

Nancy Hackett moved the Board choose not to participate in the Public Library Non-Resident Card Services program for FY 2013-2014. Victor Zack seconded the motion. All voted aye. Motion carried.

Approval of Proposal for Building Appraisal
Scott Pointon reviewed the options the District may have to sell the existing Crest Hill Branch and the best method for determining its market value. To that end, Scott Pointon had sought quotes for a commercial appraisal of the property.

The Board reviewed the two quotes in hand for a commercial appraisal of the Crest Hill Branch property.

Victor Zack seconded the motion. Roll call indicated: Ayes—Deanna Amann, Gordon Butler, Nancy Hackett, Ann Lopez-Caneva, Christine Siegel, and Victor Zack. Nays—none. Motion carried.

Approval of Tuition Reimbursement Proposal
Scott Pointon reviewed the history of the District’s tuition reimbursement to qualifying staff members. The District has found that the number of staff who has taken advantage of this program has now reached a point at which our available funding cannot realistically support the continuation of the program at its current funding levels. Scott Pointon had devised a plan by which the District would decrease the annual tuition reimbursement cap for a degreed undergraduate program from $5,000 to $1,000, and for an MLS program from $5,000 to $2,000 per year, effective July 1, 2013.

The Board discussed at length various options and determined the most fiscally responsible option would be to adjust both the qualifications for obtaining tuition reimbursement and the amounts given. The conclusion reached was to have eligibility for tuition reimbursement to be based on an employee working for the District in a 25 hours/week position for 1 year of satisfactory service, and to reduce the amount for both undergraduate and MLS programs. An undergraduate program would provide for $500.00 per year tuition reimbursement and a graduate level library school program would provide for $2,500.00 per year tuition reimbursement.

Gordon Butler moved the Board adopt the proposed changes to the Personnel Policy – Section 104—Staff Development, as amended to indicate eligibility for tuition reimbursement stand at an employee working in a 25 hours/week position for 1 year of satisfactory service and that an approved undergraduate course of study be granted $500.00 per year tuition reimbursement and courses in
graduate level library school programs be granted $2,500.00 per year tuition reimbursement. Victor Zack seconded the motion. Roll call indicated: Ayes—Deanna Amann, Gordon Butler, Nancy Hackett, Ann Lopez-Caneva, Christine Siegel, and Victor Zack. Nays—none. Motion carried.

APPROVAL OF COMMEMORATIVE PLAQUES PROPOSAL
Scott Pointon reviewed the history of the names of trustees that had traditionally appeared on commemorative plaques dealing with the District’s new and/or remodeled facilities. It had been previously agreed upon that those trustees that are in office when the building(s) have completed their renovation and/or construction would appear on the commemorative plaque. It was noted that this process does not allow the Board and the public to recognize the efforts and contributions made by trustees who had sat on the Board during extensive referendum planning and construction, but who had not been on the Board at the completion of the projects. To that end, a separate plaque will be created to recognize those board members who had been seated during the 2003-2013 time-frame. This time period was seminal to the District referendum planning, campaigning and successful passage, building renovation and construction and the District’s transfer of territory. Scott Pointon will pursue this matter and commemorative plaques will be created for each facility.
