OLD BUSINESS

BUILDING UPDATES
Crest Hill – To be discussed later in the agenda.
Lockport – The District is currently negotiating an agreement to relocate services during Lockport’s renovation.
Romeoville – Work is progressing at a nice pace, with trenching and pipes laid through the parking lot. No work has been started on the apron yet, but electrical trenches by Normantown Road have been filled in. Basement ductwork has been installed and steel struts for the walls are on site. All trenches on the basement floor have been filled and pads for air handlers are in place. A test area has been completed for polished concrete but the results are not what either our architects or staff expected. There will probably be additional testing to determine if polished concrete can be used as planned or the District will have to explore other options such as tile.

DISTRICT NAME CHANGE ORDINANCE
The Board members reviewed the names under consideration and debated the inclusion of the words “public” and “district” in whatever option was chosen. The public had contributed a number of worthy entries and the Board commended them both on their creativity and thoughtfulness in all submissions. The matter was tabled until the Executive Session later in the agenda.
